Leading Outstanding Teaching

VENUE AND DATE TO BE ARRANGED WITH GV CONFERENCES.

Outstanding teaching also needs outstanding leadership to succeed.

This conference will help you deliver that leadership.

Research has shown that the two most important success factors for a school or a college are the effectiveness of its teaching and how it is led.

Good teaching inevitably leads to student success but this cannot happen without good leadership.

This practical one-day conference will address this area of crucial importance for all of those who occupy leadership or management roles; how to lead outstanding teaching and learning.

Who is it for?

In education - those new, or aspiring to, senior roles; established, middle and junior leaders; those new to a leadership role or rising stars you wish to retain; course leaders or subject leaders; pastoral staff leaders; support staff leaders; those with potential to move into these roles.

For further details, to set up this conference, or to book a place, please contact Pauline Morris at GV Conferences: email: pm@gvconferences.co.uk OR Jackie Christie at GV Conferences: email: jc@gvconferences.co.uk
